

Lead for Literacy

Shining a Light on Literacy

ABOUT US

The **Lead for Literacy Center** is a partnership among literacy experts, education leaders, university researchers, and technical assistance providers, focused on improving school leaders' access to and implementation of evidence-based literacy practices in elementary schools across the nation.

WHAT WE DO

Our mission is to **provide technical assistance** to school and district leaders that builds their capacity to **improve teacher implementation of evidence-based literacy practices** for educating students with, or at risk for, literacy-related disabilities.

Lead for Literacy (L4L) Framework

The L4L Framework helps school, district, and state leaders **navigate the process of evaluating, building, implementing, and sustaining evidence-based literacy practices** within a comprehensive schoolwide reading model.

How We Can Help You

We disseminate **free tools and resources** for school and district leaders.

We provide **targeted and intensive technical assistance** to support implementation of the Lead for Literacy Framework in regions across the country.
