## Viewing Guide: Data-Based Decision Making

1. Why is it important **to you** to use data to make instructional decisions?

--

2. List two important considerations or approaches when collecting literacy data:

i. \_\_\_\_\_

ii. \_\_\_\_\_

3. Describe one assessment type and meaningful question to ask based on data

<u>Assessment Type</u>	<u>Data-Based Question</u>

4. Highlight how leaders can encourage data-based decision making with one practical example that includes family or parental involvement:

**NEXT STEPS:** Complete the table below to identify examples of data sources and how literacy leaders in your building can use that data for improving your system of instruction.

<u>Data Focus</u>	<u>Data Source Examples</u>	<u>Data Use Examples</u>
Leadership
